

## Label Stickers

### 1. Only vector PDF

- Set up your artwork as a vector PDF file to ensure sharp & clear output
- JPEG will not guarantee the desired output

### 2. Outline Text

- Outline all text/fonts in your artwork

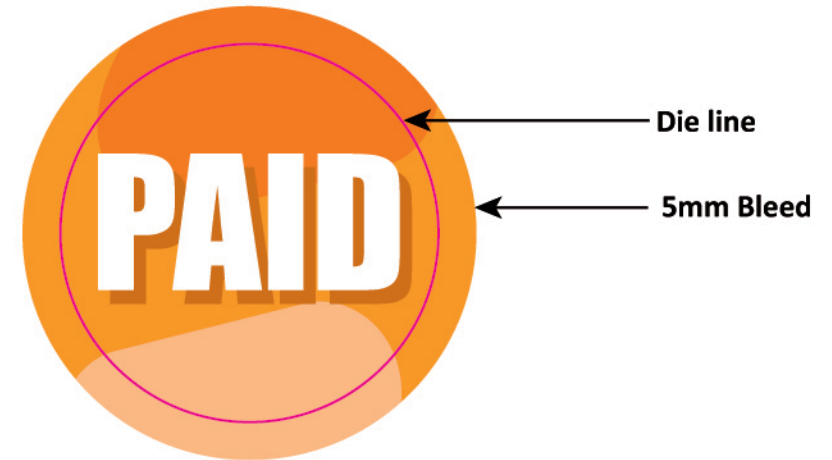

### 3. 1:1 scale

- Save your artwork to the final print size + bleed

### 4. 5mm Bleed

- Add 5mm bleed on each of the artwork
- Bleed allows for movement during cutting process

### 1. Artwork Setup

### 2. Artwork once trimmed
